Design – Figma, Photopea, Inkscape.

EXPERIENCE

Avenga (ProCredit Bank) - Senior Mobile Developer | 09-2023 / 06-2025

Mobile banking application. | Xamarin.Forms, iOS + Swift/Objective-C, Android + Kotlin.

Design and implementation of new functionalities, API connections, refactoring and maintenance. Management of iOS production uploads and Apple Store Connect. Support in backend tasks. As the most senior member of the frontend team, I took ownership of a large part of the frontend of a new instant payment module, from layout to delivery, meeting the requested requirements and on schedule.

Capitole Consulting (Vueling) - Mobile Developer | 03-2023 / 06-2023

Mobile schedule management application for cabin crew. | Xamarin.Native, iOS, Android

Design and implementation of new features with Xamarin Native and MVVMCross for mobile platforms, bug resolution, API connections and refactoring.

Eric Sports - Software Developer | 11-2020 / 03-2023

Sport management applications. | Xamarin.Forms, UWP, iOS, Android + Javascript, HTML, CSS

*Refactoring, consolidation, extension and successfull launching of **EricBoard** (online 2D/3D blackboard with Three.js) attracting hundreds of users in a short period. | 11-2020 / 08-2021*

*Rapid learning of C# and .NET Xamarin for cross-platform development. Created new features and navigation pages using MVVM, full redesign, adaptations for macOS and iOS, resolved bugs, integrated APIs, and successfully launched the **EricVideo** app. | 08-2021 / 03-2023*
